

DO YOU WANT YOUR WEBSITE TO BE ONLINE AT ALL TIMES, WITHOUT YOU HAVING TO BOTHER ABOUT IT?

DO YOU WANT TO CREATE AND ADMINISTER WEBSITES AND DATABASES YOURSELF?

DO YOU WANT A QUICK INSIGHT IN YOUR WEBSITE'S STATISTICS WHENEVER YOU WANT?

DO YOU WANT A PARTY THAT ANSWERS THE PHONE AT ALL TIMES AND THAT ANSWERS ALL OF YOUR QUESTIONS?

HAVE YOUR WEBSITE HOSTED BY NXS!

Introduction shared hosting

Nxs has over 8 years experience in website hosting. Therefore, we are certain that we know your interests. Your website and e-mail should be available at all times without you having to bother about technical matters.

In the context of this, Nxs has fully redeveloped its hosting product. By means of self-developed software you will be able to compose a package at your own desire. In that way you only have to pay what you need and not a penny more. We support both Linux and Windows websites.

The advantages of shared hosting with Nxs:

Affordable and flexible

Very reasonable prices thanks to completely flexible custom-made packages: you only pay your usage and not a penny more.

Easy

Package configuration can be adjusted autonomously through the customer administration system, all modifications apply immediately.

High service level

A customer-friendly and high-tech helpdesk is available by e-mail and by phone. Your e-mails will be answered as fast as possible, within one day guaranteed.

High availability

Very high e-mail and website availability thanks to a hosting cluster that is swift as an arrow.

Complete

Very elaborate standard features in every package; for example one free domain registration.

Resellers

Interested in possibilities for web hosting resellers.

Fast delivery

Fast delivery: thanks to the automatized production process we can deliver an order that was placed before 3 pm the very same day, without surcharges!
